| 14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.) The purpose of this unilateral modification is to increase the contract estimated cost for final settlement amount of CIP 81, Core Technical Capability (CTC) Equipment Purchase Request for Equitable Adjustment (REA), dated August 5, 2005. This settlement is for cost only with the exception of fee on non-plant equipment and taxes on computer software as reflected in the attached table. The contractor failed to agree to the terms offered herein on 5/11/06 therefore the modification is being issued unilaterally. The CIP was processed in two phases. The cost only portion of Phase I was settled under Modification 316. Title of equipment purchased in Phase I passed to the government upon payment to SGS. This modification settles Phase II of the REA and all remaining elements of the REA not settled in Modification 316 with the exception of fee on plant equipment and some remaining taxes in Phase I. Cost elements for Phase I of the CIP are included for Award Fee Period 14, in an adjusted amount of \$1,107 in FY05. The period of performance for this modification (Phase II) of CIP 81 is October 1, 2005 through December 30, 2005. The total estimated amount of increase in FY06 is \$535,269 for cost and \$5,516 for fee a total of \$540,785. The total estimated amount of the contract change is \$535,269 (cost) and \$6,623 (fee) for a total of \$541,892. All remaining cost elements of the CIP not settled herein related to proposed fee and taxes are considered unallowable. This change revises Article B-3, Contract Value, Article G-2, Contract Funding, and B-4, Award Fee, as shown on attached pages. Except as provided herein, all terms and conditions of the document referenced in Item 9a or 10A, as heretofore changed, remains unchanged and in full force and effect | | | | | | | |
